

**THE GHAC SYSTEM GRADING APP**

# Heating & Cooling Repair vs. Replacement Decisions Simplified

Making good decisions regarding aging heating & cooling equipment can be difficult.

The GHAC 'Grading App' is here to help.

Your on-site technician answers three simple questions regarding your heating & cooling equipment.

1 AGE	2 CONDITION	3 PERFORMANCE
0 – 5 Years 6 – 10 Years 11 – 15 Years 16 – 20 Years 20+ Years	Very Good Good Average Poor Very Poor	Fully Functioning Functioning – Minor Repairs Not Functioning – Minor Repairs Functioning – Major Repairs Not Functioning – Major Repairs

The app auto-generates an objective, easy-to-understand Grade with time tested Repair and Replacement Planning Recommendations.

GRADE	A	B	C	D	F
	Very Good	Good	Average	Poor	Very Poor
Repair Recommendation	Repair	Repair	Compare Repair vs Replacement Costs	Major Repairs Discouraged	Replacement Encouraged
Replacement Planning	No Action	No Action	Begin Planning for Replacement	Plan for Pending Replacement	Plan for Replacement

## From On-Site Diagnosis to Customer Decision
